# Continuing to make a difference

Love Congresbury, Congresbury Youth Partnership, Congresbury Guides & Scouts says a big "Thank You" to the volunteers who braved a doubtful weather forecast on Monday 8th May, and parts of the village look a lot better for their efforts. But there is a lot more to be done!

It's clear that we have a number of very willing volunteers ready to turn out, more than once a year, to undertake practical tasks such as weeding, sweeping, litter collection, planting and painting. We have people ready to deliver news through the doors on their street. We have young people keen to write up tales of our efforts.

All we need to harness and extend this goodwill is the person, or people, to co-ordinate it. Could YOU be the person to be administrator of a WhatsApp group, or the editor of a monthly Congresbury newsletter (similar to "Viewpoint" which we had before the pandemic). There is lots of help, advice and enthusiasm to support you. Achieving this would make all the difference, and might even take us back to the days of being Britain's friendliest village.

Please spread the word through your family, friends and clubs: if you are not the person we are looking for, perhaps you know who is.

Please talk to Alex Ballard on 07894338995, or email her at alex@congsyp.org.uk
