

The Circuit is seeking to recruit the following post

Digital Mission Enabler

20 hours a week

An exciting new post to help our circuit and churches develop the use of digital technology for our Missional work. The post holder will encourage and assist churches to use these methods to reach out to all our churches and communities

The post holder will train and advise the circuit and churches to use various platforms and help prepare the churches to deliver this.

We are seeking a Christian with the necessary skills to work alongside us to achieve this goal.

A friendly and committed working environment where full training and support will be available. You will be based at home.

Salary £9.84 per hour.

Please write or e-mail for a Job Description and further details to:
