

VILLAGE REFECTORY - RAISING FUNDS FOR REPAIRS

Spring has arrived and some villagers are launching into Spring Cleaning. While you are eliminating spiders and cobwebs did you find items you forgot you had, are no longer used or do not like? You can donate these items to the Friends of St Andrews, who raise funds for repairing church property, currently needed to redecorate the exterior of the Refectory.

If so please email friendsofstandrewscongresbury@btinternet.com with details of the items from your house, garage or garden, including approximate size, with your name, phone number and email address.

Clothing is not needed as it can be donated to a local charity shop. Garden pots welcome but not plastic pots.

Many thanks for your help
